pdqSMART-XLS Subscription and Maintenance Cost

LIST PRICE
Effective July 15, 2019

Multi-Tenant

Yearly Annual Subscription and Maintenance Cost Calculations Multi-Tenant

Calculations are per networked device, this includes, Locks, ZBOX's, SRAC's, HCND's, ZECHO's as well as any device that resides on an account that includes network components. Sites with XLS components and/or XLS/STS components will require an annual subscription fee. Accounts can either be Single or Multi-Tenant in structure. PDQ maintains the database in the cloud and manages the cyber security aspects of the network and its communications. PDQ will provide periodic updates to all the devices and their firmware. It is the customers responsibility to execute the firmware upgrades in the field to those devices that require them.

PDQ will audit the account before and after deployment to confirm the device counts for billing purposes. All new network based pdqSMART accounts will require submission of a new account set-up form so we can create the account in the Cloud Portal. If paper work is not submitted, the account will be created in an Individual Account Portal and the additional management features will not be available. There is no annual fee requirement for sites using only pdqSMART STS or STP products.

Annual billing is handled by PDQ to the End User or Dealer depending upon agreements in place. Once payment is received by PDQ the Dealers portion (if applicable) will be sent to the Dealer. The First year software payment is due at time of purchase. Annual Billed amount is due 365 days from day of site commissioning and training. Please review your Dealer Agreement for additional details.

6-10	Flat yearly fee	\$750.00

For small scale deployments of 10 locks and under we do not count the network devices. We are encouraging as much adoption of the XLS solutions as possible. This maximizes the end users return on investment and supports adoption of pdqSMART. Once a deployment reaches 11 locks we count the network devices as part of the total calculation (see below.)

AS AN ALTERNATIVE, YOU MAY BRING YOUR CLAIM IN YOUR LOCAL "SMALL CLAIMS" COURT, IF PERMITTED BY THAT SMALL CLAIMS COURT'S RULES AND IF WITHIN SUCH COURT'S JURISDICTION, UNLESS SUCH ACTION IS TRANSFERRED, REMOVED OR APPEALED TO A DIFFERENT COURT. YOU MAY BRING CLAIMS ONLY ON YOUR OWN BEHALF. NEITHER YOU NOR WE WILL PARTICIPATE IN A CLASS ACTION OR CLASS-WIDE ARBITRATION FOR ANY CLAIMS COVERED BY THIS AGREEMENT TO ARBITRATE. YOU ARE GIVING UP YOUR RIGHT TO PARTICIPATE AS A CLASS REPRESENTATIVE OR CLASS MEMBER ON ANY CLASS CLAIM YOU MAY HAVE AGAINST US INCLUDING ANY RIGHT TO CLASS ARBITRATION OR ANY CONSOLIDATION OF INDIVIDUAL ARBITRATIONS. You also agree not to participate in claims brought in a private attorney general or representative capacity, or consolidated claims involving another person's account, if we are a party to the proceeding. This dispute resolution provision will be governed by the Federal Arbitration Act and not by any state law concerning arbitration. Judgment on the award rendered by the arbitrator may be entered in any court having competent jurisdiction. Any provision of applicable law notwithstanding, the arbitrator will not have authority to award damages, remedies or awards that conflict with this EULA.
- b. 30-Day Opt-Out Period. If you do not wish to be bound by the arbitration and class-action waiver provisions in this Section 16, you must notify PDQ Smart in writing within 30 days of the date that you first accept this EULA (unless a longer period is required by applicable law). Your written notification must be mailed to PDQ Smart at the following address: PDQ Smart 2754 Creek Hill Road, PA 17540. If you do not notify PDQ Smart in accordance with 16(b), you agree to be bound by the arbitration and class-action waiver provisions of this EULA, including such provisions in this EULA revised after the date of your first acceptance. Such notification must include: (i) your name, (ii) your PDQ Smart Account number; (iii) your mailing address, and (iv) a statement that you do not wish to resolve disputes with PDQ Smart through arbitration. If PDQ Smart makes any changes to the Arbitration and Class Action Waiver section of this EULA (other than a change to the address at which PDQ Smart will receive notices of dispute, opt-out notices, or rejections of future changes to the Arbitration and Class Action Waiver section), you may reject any such change by sending us written notice within 30 days of the change to the address set forth in this Section 16(b). It is not necessary to send us a rejection of a future change to the Arbitration and Class Action Waiver section of this EULA if you had properly opted out of the arbitration and class-action waiver provisions in this Section 16 within the first 30 days after you first accepted this EULA. If you have not properly opted out of the arbitration and class-action waiver provisions in this Section 16, by rejecting a future change, you are agreeing that you will arbitrate any dispute between us in accordance with the language of this arbitration provision, as modified by any changes you did not reject. This notification affects this EULA only; if you previously entered into other arbitration agreements with PDQ Smart or enter into other such agreements in the future, your notification that you are opting out of the arbitration provision in this EULA shall not affect the other arbitration agreements between you and PDQ Smart.
- c. Severability. If the prohibition against class actions and other claims brought on behalf of third parties contained above is found to be unenforceable, then all of the preceding language in this Arbitration and Class Action Waiver section will be null and void. This arbitration agreement will survive the termination of your relationship with us.
17. MISCELLANEOUS. This EULA, together with the Terms of Service and Privacy Policy and any other applicable documentation provided to you by PDQ Smart, are the entire agreement between you and us with respect to the Software and supersede all prior or contemporaneous communications and proposals (whether oral, written or electronic) between you and us with respect to the Software. If any provision of this EULA is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this EULA will otherwise remain in full force and effect and enforceable. The failure of either party to exercise in any respect any right provided for herein shall not be deemed a waiver of any further rights hereunder. This EULA is personal to you, and is not assignable, transferable or sublicensable by you except with our prior written consent. We may assign, transfer or delegate any of our rights and obligations hereunder without consent. We shall not be liable for any failure to perform our obligations hereunder where such failure results from any cause beyond our reasonable control, including, without limitation, mechanical, electronic or communications failure or degradation. No agency, partnership, joint venture, or employment relationship is created as a result of this EULA and neither party has any authority of any kind to bind the other in any respect. All notices under this EULA will be in writing and will be deemed to have been duly given when received, if personally delivered or sent by certified or registered mail, return receipt requested; when receipt is electronically confirmed, if transmitted by e-mail; or the day after it is sent, if sent for next day delivery by recognized overnight delivery service. Electronic notices should be sent to contact@PDQSmart.com. Our failure to enforce any part of this EULA shall not constitute a waiver of our right to later enforce that or any other part of this EULA. In order for any waiver of this EULA to be binding, we must provide you with written notice of such waiver through one of our authorized representatives. The section and paragraph headings in this EULA are for convenience only and shall not affect their interpretation. Any use of "including" "for example" or "such as" in this EULA shall be read as being followed by "without limitation" where appropriate.
18. QUESTIONS OR ADDITIONAL INFORMATION. If you have questions regarding this EULA, or wish to obtain additional information, please send an e-mail to contact@PDQSmart.com.

Guest/Visitor information is shared with the applicable Hardware's User and Owner. More information about the sharing of Guest/Visitor information is provided in the "Information Shared With Other Users" section below.

By using the Services in any manner, a Guest/Visitor hereby expressly consents to the collection, storage, use and disclosure of their information, which may include PII, in accordance with this Privacy Policy. If you are a Guest/Visitor and do not consent to any of the foregoing, you must not use or access the Services, including any Hardware.

If you are a User or Owner, please ensure that you have a Guest/Visitor's consent to the collection, use, storage, and disclosure of their information, including their Images, in accordance with this Privacy Policy before (i) providing such information to the Services or (ii) inviting such Guest/Visitor to use the Services, including by granting them access through a Guest/Visitor Code. Device information may include:

- Unique device identifiers

If you do not want your Device to provide us with location-tracking information, you can disable the GPS or other location-tracking functions on your Device. Please note that if you disable such functions, certain parts of the Services may not work.

If you use these Third Party Service through our Services, we may collect and store information about your use of the integrated services. We use this information to improve our Services and may share the information with the Third Party Service providers to help them improve their products and services. Please note that we do not control these Third Party Service providers and cannot take responsibility for the content, privacy policies or practices of those Third Party Services.

Information Collected Using Cookies: Cookies are pieces of text that may be provided to your computer through your web browser when you access a website. Your browser stores cookies in a manner associated with each website you visit.

We use cookies to enable our servers to recognize your web browser and tell us how and when you visit the Site and otherwise use the Services. Our cookies do not, by themselves, contain PII, and we do not combine the general information collected through cookies with other PII to tell us who you are. We do use cookies to identify that your web browser has accessed aspects of the Services and may associate that information with your Account.

Most browsers have an option for turning off the cookie feature, which will prevent your browser from accepting new cookies, as well as (depending on the sophistication of your browser software) allowing you to decide on acceptance of each new cookie in a variety of ways. We strongly recommend that you leave cookies active, because they enable you to take advantage of the most attractive features of the Services.

This Privacy Policy covers our use of cookies only and does not cover the use of cookies by third parties. We do not control when or how third parties place cookies on your computer. For example, third party websites to which a link points may set cookies on your computer.

Information Collected From Web Beacons: We may deliver a file (known as a "web beacon") from an ad network to you through the Services to increase the effectiveness of ad delivery. Web beacons allow ad networks to provide anonymized, aggregated auditing, research and reporting for us and for advertisers. Web beacons also enable ad networks to serve targeted advertisements to you when you visit other websites. Because your web browser must request these advertisements and web beacons from the ad network's servers, these companies can view, edit or set their own cookies, just as if you had requested a web page from their site.

Non-PII: We may automatically collect and use information about the way users (both registered and unregistered) interact with the Services. Some of this information is derived from PII, but we anonymize or aggregate it so that it does not identify the individual from whom it was derived (resulting in "Non-PII"). Non-PII is not personally identifiable and cannot be tied back to the user from which it was obtained.

Non-PII enables us (and third parties we authorize) to figure out how and how often users engage with different parts of the Services so that we can analyze and improve them. We use Non-PII for:

- Industry analysis
- Marketing and advertising
- Facilitating collection of data concerning your interaction with the Services (e.g., what links you have clicked on)
- Fighting spam/malware/cyber disruptions
- Other business purposes (e.g., by reporting on trends in the usage of hardware and our Sites or Services)

We may share Non-PII with our partners, service providers and other persons with whom we conduct business so that our partners can understand how and how often people use our Services and our partners' services. These third parties may also share with us non-private, aggregated or other Non-PII about you that they have independently developed or acquired.

Email, Text, and Push Notification Communications: We may communicate with you via email, SMS, MMS or other text message ("Text Message") or using push notifications. We may collect information regarding such communications, such as by receiving confirmation when you open an email, read a Text Message or receive a push notification. We use this information to improve our Services, including our customer service.

Information About Your Contacts: For features in the Services that access your Device contact list, we will only store information for contacts who register with the Services or who you add as Guests. We will only access and store such information with your express consent.

Information About Children Under 13 Years of Age: Our Services are not directed to children under 13 years old and we do not knowingly collect PII from children under 13. If we learn that we have collected PII of or from a child under 13 years old, we will take steps to delete such information from our systems as soon as possible.

Other Ways Information is Shared:

In addition to the purposes set forth above, we may share your information for the following purposes:

Information Shared With Other Users: In connection with certain features of the Services, PDQ Smart may share some information about users with other users who have sufficient access privileges. The following are ways in which PDQ Smart may share information about you with other users:

- When a User or Owner grants access to a Guest/Visitor, the Guest/Visitor may receive the User's or Owner's name and the address of the Hardware location (which may be PII of the Owner or User). This information allows the Guest/Visitor to identify the location to which the User or Owner is granting access.
- When a Guest/Visitor accesses Hardware, the Hardware's User and Owner may receive information about the Guest/Visitor and the access event, such as the Guest/Visitor's name, an Image of the Guest/Visitor (as collected by the Hardware) and the time of access.
- Users and Owners may also receive aggregate and/or anonymized information about Guest/Visitor's and their Codes, such as frequency of Code generation, frequency and time of Guest/Visitor Code use, and total number of Guest/Visitor's who have accessed a particular Hardware. Owners will also receive information identifying the Hardware and the User controlling such Hardware.
- PDQ Smart may share aggregate, anonymized and/or statistical data about a user's use of the Services. This information may be derived from PII but does not include PII or Images.

Unless expressly stated herein or expressly consented to by you, PDQ Smart does not share your PII with any other users.

Facilitating Transactions: We may use your information in order to facilitate your transactions on the Services (for example, if you purchase any Hardware). In some cases, we employ and contract with people and other entities to perform certain tasks on our behalf and who are under our control (our "Agents"). We may need to share PII with our Agents in order to provide products or services to you. Unless we tell you differently, our Agents do not have any right to use PII or other information we share with them beyond what is necessary to assist us. You hereby consent to our sharing of PII with our Agents.

Business Transfers: In some cases, we may choose to buy or sell assets. In these types of transactions, user information is typically one of the transferred business assets. Additionally, if we, or substantially all of our assets, were acquired, or if we go out of business or enter bankruptcy, user information would be one of the assets that is transferred or acquired by a third party. You acknowledge that such transfers may occur, and that any acquirer of us or our assets may continue to use your PII as set forth in this policy.

pdqSMART Privacy Policy (Cont.)

Our Protection and the Protection of Others: We reserve the right to access, read, preserve, and disclose any information as we reasonably believe is necessary for the following purposes:

- Satisfy any applicable law, rule, regulation, legal process or governmental request
- Enforce this Privacy Policy and the Terms, including investigation of potential violations hereof
- Detect, prevent, or otherwise address fraud, security or technical issues
- Respond to user support requests
- Protect our rights, property or safety, and those of our users and the public

This may include exchanging information with other companies and organizations for fraud protection and spam/malware prevention.

Marketing: We may use your information to send you news about our services, products or promotions. We may also serve advertisements, and also allow third parties to serve advertisements, through the Services. These advertisements are sometimes targeted and served to particular users and may come from third party companies called "ad networks." Ad networks include ad servers, ad agencies, ad technology vendors and research firms.

Advertisements served through the Services may be targeted to users who fit a certain general profile category and may be based on anonymized information inferred from information provided to us by a user (including PII such as gender or age), Services usage patterns of particular users, or a user's activity on Third Party Services.

We do not provide PII to any ad networks for use that is not related to the Services. We will give you the ability to opt out of marketing-related e-mails by logging in and changing your Account settings or by clicking on a link in each such e-mail.

With Your Consent: Except as set forth in this Privacy Policy, you will be notified when your PII may be shared with third parties, and will be able to prevent the sharing of this information.

Information Security:

We seek to protect your Account information to ensure that it is kept private, and we use generally accepted industry-standard techniques to protect the PII submitted to us. However, no method of transmission over the Internet or method of electronic storage is 100% secure. Therefore, we cannot guarantee the absolute security of any information. Unauthorized entry or use, hardware or software failure, and other factors, may compromise the security of user information. It is your responsibility to prevent unauthorized access to your Account and information by selecting and protecting your Account password appropriately, and limiting access to your Devices, including by signing off after you have finished accessing the Services.

Regarding Data Processing:

Your PII may be collected, processed and stored by PDQ Smart or our service providers in the United States and other countries where our servers reside. Please be aware that the privacy protections and legal requirements, including the rights of authorities to access your PII, in some of these countries may not be equivalent to those in your country. If you are using the Services in the European Union or other regions with laws governing data collection and use that may differ from U.S. law, you consent to the transfer of your personal data to the United States and other countries where PDQ Smart and its service providers operates.

Access to Information:

If you are a registered user, you can access information associated with your Account by logging into the Services. Registered and unregistered users can access and delete cookies through their web browser settings. Please note that Guests without an Account cannot access or edit any information.

California Privacy Rights: Under California Civil Code sections 1798.83-1798.84, California residents are entitled to ask us for a notice identifying the categories of personal customer information which we share with our affiliates and/or third parties for marketing purposes, and providing contact information for such affiliates and/or third parties. If you are a California resident and would like a copy of this notice, please submit a written request to the following address: 2754 Creek Hill Road, PA 17540.

Account Deletion:

You can delete your Account by emailing support@PDQSmart.com or using functionality made available through the Apps. After termination, we may retain your information on our servers in accordance with our internal data retention policy.

Please read these Terms of Service (collectively with PDQ Smart's Privacy Policy) fully and carefully before using or accessing any of the Hardware or Services. The Terms set forth the legally binding terms and conditions for your use of the Hardware and the Services. If you do not agree with any of the terms set forth herein, you should immediately stop using the Hardware and the Services, including by disconnecting your Hardware and/or unregistering your Devices.

1. Acceptance of Terms:

- a. By clicking "I Agree" on the Site, registering for an Account (defined below) or accessing or using the Services in any manner, including by visiting the Site, or accessing Hardware as a Guest/Visitor (defined below), you agree to these Terms. If you are accessing the Services or Hardware on behalf of an entity, you hereby agree to these Terms on your behalf and on behalf of such entity.
- b. Certain of the Hardware or Services may be subject to additional terms and conditions specified by us from time to time. Your use of such Hardware or Services is subject to those additional terms and conditions. For example, by using any Hardware, you agree to the applicable Limited Warranty and End User License Agreement issued by us in connection with the Hardware. These additional terms, and all other operating rules, policies, and procedures that PDQ Smart may publish from time to time through the Services, are incorporated into the Terms by this reference and, except as expressly set forth in the Terms, may be updated from time to time without notice to you.
- c. **ARBITRATION NOTICE AND CLASS ACTION WAIVER: EXCEPT FOR CERTAIN TYPES OF DISPUTES DESCRIBED IN THE ARBITRATION AND CLASS ACTION WAIVER SECTION BELOW, YOU AGREE THAT DISPUTES BETWEEN YOU AND US WILL BE RESOLVED BY BINDING, INDIVIDUAL ARBITRATION AND YOU WAIVE YOUR RIGHT TO PARTICIPATE IN A CLASS ACTION LAWSUIT OR CLASS-WIDE ARBITRATION.**
- d. If you are accessing and using the Services on behalf of an entity, you represent and warrant that you have the right, authority, and capacity to accept and agree to these Terms on behalf of yourself and the entity you represent.
- e. As described below, you consent to the automatic updating of software included in the Hardware and Services from time to time. If you do not agree, you should not use any software included in the Hardware or Services.

2. Relation of These Terms to Other Agreements: These Terms govern your use of the Services and certain aspects of the Hardware, including data from the Hardware that will be uploaded to the Services. Your use of the Hardware is also covered by (a) the End User Licensing Agreement ("EULA"), which governs the use of the Software and (b) the limited warranty provided with that Hardware ("Limited Warranty"). Certain features of the Services may be subject to additional guidelines, terms, or rules, which will be posted on the Services in connection with such features.

3. Account Types and Access Levels:

- a. **Owners.** The individual who owns Hardware (e.g., a property owner) is the "Owner". If you are an Owner who invites or enables a Manager, Administrator or User to use Hardware you own, you acknowledge and agree that such person may subsequently invite or enable Guest/Visitor's (defined below) to use the Hardware, and therefore access the location equipped with the Hardware. If you are an Owner, you acknowledge and agree that you should only authorize those individuals that you trust to be a Manager, Administrator or User.
- b. **Managers and Administrators.** The individual or entity who manages or administers the facility or site Hardware (e.g., a property manager) is the "Manager" or "Administrator". If you are a Manager or Administrator who invites or enables a User to use Hardware you manage for the Owner, you acknowledge and agree that such User may subsequently invite or enable Guest/Visitor's (defined below) to use the Hardware, and therefore access the location equipped with the Hardware. If you are a Manager or Administrator, you acknowledge and agree that you should only authorize those individuals that you trust to be Users.
- c. **Users.** Individuals who are authorized (usually by the Owner) to control Hardware, such as the employees of companies or tenants of units/spaces equipped with Hardware, are "Users." Users can use the Services to monitor and control the Hardware and access to the location equipped with the Hardware (for example, a User can generate Guest Codes (defined below) or sync his or her Device with the Hardware to obtain access logs).
- d. **Guests and Visitors.** As used in these Terms, a "Guest" or "Visitor" is any person or entity that is given authorization by a User (or in certain limited circumstances, an Owner) through a unique numerical code ("Guest Code") to unlock the User's Hardware. By inviting someone to be a Guest or Visitor, you are giving them the ability to operate your Hardware and therefore access the location with which your Hardware is used. PLEASE BE CAREFUL TO ONLY INVITE TRUSTED GUESTS OR VISITORS. Guest or Visitor information, including video and/or photographic images of Guests and Visitors who access Hardware (collectively, "Images"), may be (i) received by PDQ Smart; (ii) shared with such Hardware's User and Owner and (iii) use and shared as described in our Privacy Policy; provided that Images will only be received by PDQ Smart and shared with a Hardware's User and Owner. More information about the sharing of Guest information can also be found in Section 11(c) below. If you are a Guest or have been invited to access Hardware as a Guest but do not want your information to be further used or shared, do not use the Guest Code or otherwise access the Hardware or Services in any manner.

A User or Owner may revoke or limit access rights in their discretion without notice to the Guest or Visitor.

WHETHER YOU ARE A USER, OWNER, MANAGER OR ADMINISTRATOR YOU SHOULD ONLY AUTHORIZE GUESTS AND VISITORS THAT YOU ARE CERTAIN YOU WOULD LIKE TO GRANT ACCESS TO, IN EACH CASE, AFTER CAREFUL REVIEW AND DILIGENCE. YOU ARE RESPONSIBLE FOR ALL OF YOUR ACTIONS IN CONNECTION WITH THE HARDWARE AND SERVICES AS WELL AS ALL ACTIONS CONDUCTED THROUGH YOUR ACCOUNT(S), WHETHER OR NOT AUTHORIZED BY YOU.

- e. **Multiple Account Levels.** One individual may have multiple Accounts or user types with respect to a single piece of Hardware. For example, an Owner may also be a User of certain Hardware until another individual occupies a space, or unit equipped with such Hardware, and therefore would be able to use his or her User Account to generate Guest Codes for such Hardware beyond the limited circumstances applicable to an Owner Account.

4. Eligibility:

- a. In order to register for any account on the Services ("Account"), you must be at least 18 years old. If you are under 18 years old but over 13 years old, you may be registered for a User Account or Guest Account and use the Services as a User or Guest, respectively, only under the supervision of a parent or legal guardian who agrees to be bound by these Terms. If you are under 13 years old, you may not use any part of the Services, under any circumstances or for any reason, either as a registered or unregistered user.
- b. You will be bound by these Terms wherever you access or use the Hardware or Services. Although our Site is accessible worldwide, the Hardware and Services are not available to all persons or in all countries. To the extent permissible by law, PDQ Smart accepts no responsibility or liability for any damage or loss caused by your accessing or use of the Services or Hardware in a country not specifically approved by PDQ Smart. You are solely responsible for ensuring that these Terms are in compliance with all laws, rules and regulations applicable to you, including but not limited to (i) any laws relating to the recording or sharing of image or video content that includes third parties or (ii) any laws requiring notice to or consent of third parties with respect to your use of PDQ Smart's Services and Hardware. The right to access the Hardware and Services is revoked where these Terms or use of the Hardware and Services is prohibited or to the extent offering, sale or provision of the Hardware or Services conflicts with any applicable law, rule or regulation.

- d. The Services are offered only for your use, and not for the use or benefit of any third party.
5. Registration: To sign up for the Services, you must register for an Account. Please note that signing up for the Services is different from accessing the Hardware, as you can access the Hardware as a Guest without signing up for an Account. When signing up for an Account, you must provide accurate and complete information and keep your Account information updated. You shall have the ability to delete your Account, either directly or through a request made to one of our employees or affiliates at support@PDQSmart.com, but please note that some of the Services may not be available to you if you delete your Account. You grant us the right to use the information provided by you through the registration process, and any other information you provide to us through your use of the Services, in connection with the operation of the Services or as set forth in our Privacy Policy.
6. Account Security:

You agree to use strong passwords and pin codes, and to maintain the confidentiality of your password and all pin codes. You may never use another person's user Account or registration information for the Services without permission. You shall be responsible for all uses of your Account, Device and login information, whether or not authorized by you. PDQ Smart shall not be responsible for any actions or omissions of any individual to whom access is granted through your Account, regardless of whether you intended to grant such individual access. You must notify us immediately of any change in your eligibility to use the Services, breach of security or unauthorized use of your Account, Device or any passwords or pin codes, and you should immediately change your password or pin code, as applicable, to prevent further unauthorized use. You should never publish, distribute or post login information for your Account. PDQ Smart is not liable for any loss or damage arising from your failure to comply with the above requirements. Guest Codes are only for the use of the individual to whom such Guest Code was issued. You must not share or disclose your Guest Code with or to any other individual at any time.
- b. We strongly recommend that you do not use the Services on a Device with a "jail broken" or "rooted" operating system. These operating systems can potentially allow other applications to circumvent security features on your Device. Any use of such Devices is at your own risk. You agree that PDQ Smart will not be liable for any loss of functionality caused by such use and will indemnify us for all damage or liability arising or resulting therefrom.
7. Services:

17. App Store: You acknowledge and agree that the availability of the Mobile Apps is dependent on the third party websites from which you download the Mobile Apps, e.g., the App Store from Apple or the Android app market from Google (each an "App Store"). Each App Store may have its own terms and conditions to which you must agree before downloading Mobile Apps from such store, including the Apple, Inc. Device and Service Terms for the Apple App Store set forth below. You agree to comply with, and your license to use the Mobile Apps is conditioned upon your compliance with, such App Store terms and conditions. To the extent such other terms and conditions from such App Store are less restrictive than, or otherwise conflict with, the terms and conditions of these Terms, the more restrictive or conflicting terms and conditions in these Terms apply.

a. Apple, Inc. Device and Service Terms: If you are accessing the Services on a device provided by Apple, Inc. ("Apple") or otherwise obtained access to the Services through the Apple App Store, the following terms shall apply:

1. Both you and we acknowledge that these Terms are concluded between you and us only, and not with Apple, and that Apple is not responsible for, does not endorse, and is not involved in the Services or Content;
2. The Services are licensed to you on a limited, non-exclusive, non-transferrable, non-sublicensable basis, solely to be used in connection with the Services for your private, personal, non-commercial use, subject to all the terms and conditions of these Terms as applicable;
3. You will only use the Services in connection with an Apple device that you own or control;
4. You acknowledge and agree that Apple has no obligation whatsoever to furnish any maintenance and support services with respect to the Services;
5. In the event of any failure of the Services to conform to any applicable warranty, including those implied by law, you may notify Apple of such failure; upon notification, Apple's sole warranty obligation to you will be to refund to you the purchase price, if any, of the Services;
6. You acknowledge and agree that we, and not Apple, are responsible for addressing any claims you or any third party may have in relation to our Services;
7. You acknowledge and agree that, in the event of any third party claim that the Services or your possession and use of the Services infringes that third party's intellectual property rights, we, and not Apple, will be responsible for the investigation, defense, settlement and discharge of any such infringement claim;
8. You represent and warrant that you are not located in a country subject to a U.S. Government embargo, or that has been designated by the U.S. Government as a "terrorist supporting" country, and that you are not listed on any U.S. Government list of prohibited or restricted parties;
9. Both you and we acknowledge and agree that, in your use of the Services, you will comply with any applicable third party terms of agreement which may affect or be affected by such use; and
10. Both you and we acknowledge and agree that Apple and Apple's subsidiaries are third party beneficiaries of these Terms, and that upon your acceptance of these Terms, Apple will have the right (and will be deemed to have accepted the right) to enforce these Terms against you as the third party beneficiary hereof.

b. You acknowledge that these Terms are between you and PDQ Smart and not with an App Store.

18. Modification; Suspension; Termination:

- a. We may change or remove any features currently offered as part of the Services, or the Services themselves, at any time.
- b. The Services may be suspended temporarily without notice for security reasons, system failure, maintenance, repair, or other circumstances. You agree that you will not be entitled to any refund or rebate in connection with any such suspensions.
- c. We may terminate your access to all or any part of the Services at any time, with or without cause, with or without notice, effective immediately, which may result in the forfeiture and destruction of all information associated with your Account. If you wish to terminate your Account, you may do so by following instructions posted on the Site or made available through the Services, or by emailing us at support@PDQSmart.com. Upon termination, your Account and right to use the Software and other Services will automatically terminate, but you may be able to continue using some parts of the Hardware. Any fees paid hereunder are non-refundable. All provisions of these Terms which by their nature should survive termination shall survive termination, including, without limitation, licenses of User Content, ownership provisions, warranty disclaimers, indemnity and limitations of liability.
- d. If you transfer your Hardware to a new Owner or User, your right to use the Services with respect to the transferred Hardware automatically terminates. Your Account is not transferable, and the new Owner or User will have to register for a separate Account in order to use the Services.

19. Limitations:

- a. Our aim is to make the Services highly reliable and consistently available; however, we cannot and do not guarantee that the Services will be available all of the time. The Services may be subject to sporadic interruptions and failures for a variety of reasons beyond PDQ Smart's control, including without limitation, third party network failures and coverage limitations, service provider uptime, and acts of God. Furthermore, our Services rely on or interoperate with a number of third party products and services. These third party products and services are beyond our control and their operation or failure may impact the use and reliability of our Services. PDQ Smart is not responsible for damages and losses due to these third party products and services. You acknowledge these limitations and agree that PDQ Smart is not responsible for any damages allegedly caused by the failure or delay of the Services.
- b. We make no representations concerning any Content contained in or accessed through the Services, and we will not be responsible or liable for the accuracy, copyright compliance, or legality of material or Content contained in or accessed through the Services.
- e. You shall and hereby do waive California Civil Code Section 1542 or any other similar law of any jurisdiction, which says in substance: "A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which, if known by him must have materially affected his settlement with the debtor."
21. Indemnification: You shall defend, indemnify, and hold harmless us, our affiliates and each of our and their respective employees, contractors, directors, suppliers and representatives from all liabilities, claims, and expenses, including reasonable attorneys' fees, that arise from or relate to your, your Guests' or any third party's (a) use or misuse of, or access to, the Hardware, Services or Content; (b) violation of law, third party right or the Terms or (c) violation or infringement of any intellectual property or other right of any person or entity. We reserve the right to assume the exclusive defense and control of any matter otherwise subject to indemnification by you, in which event you will assist and cooperate with us in asserting any available defenses.
22. Limitation of Liability: IN NO EVENT SHALL WE, NOR OUR DIRECTORS, EMPLOYEES, AGENTS, PARTNERS, SUPPLIERS OR CONTENT PROVIDERS, BE LIABLE UNDER CONTRACT, TORT, STRICT LIABILITY, NEGLIGENCE OR ANY OTHER LEGAL OR EQUITABLE THEORY WITH RESPECT TO THE HARDWARE OR SERVICES FOR (A) ANY LOST PROFITS, DATA LOSS, COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, OR SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, COMPENSATORY OR CONSEQUENTIAL DAMAGES OF ANY KIND WHATSOEVER (HOWEVER ARISING); (B) ANY BUGS, VIRUSES, TROJAN HORSES, OR THE LIKE (REGARDLESS OF THE SOURCE OF ORIGIN) OR (C) ANY DIRECT DAMAGES IN EXCESS OF (IN THE AGGREGATE) OF THE GREATER OF (I) FEES ACTUALLY PAID TO US FOR THE PARTICULAR HARDWARE OR SERVICES DURING THE IMMEDIATELY PREVIOUS TWELVE (12) MONTH PERIOD OR (II) \$100.00. SOME STATES DO NOT ALLOW THE TYPES OF LIMITATIONS IN THIS PARAGRAPH, SO THEY MAY NOT APPLY TO YOU. NOTHING IN THESE TERMS OR THIS "LIMITATION OF LIABILITY" CLAUSE SHALL ATTEMPT TO EXCLUDE LIABILITY THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.
23. ARBITRATION AND CLASS ACTION WAIVER – IMPORTANT – PLEASE REVIEW AS THIS AFFECTS YOUR LEGAL RIGHTS:
- a. ARBITRATION. YOU AGREE THAT ALL DISPUTES BETWEEN YOU AND US (WHETHER OR NOT SUCH DISPUTE INVOLVES A THIRD PARTY) WITH REGARD TO YOUR RELATIONSHIP WITH US, INCLUDING WITHOUT LIMITATION DISPUTES RELATED TO THESE TERMS OF SERVICE, YOUR USE OF THE SERVICES, AND/OR RIGHTS OF PRIVACY AND/OR PUBLICITY, WILL BE RESOLVED BY BINDING, INDIVIDUAL ARBITRATION IN ACCORDANCE WITH THE STREAMLINED ARBITRATION RULES AND PROCEDURES OF THE JAMS ALTERNATE DISPUTE RESOLUTION GROUP THEN IN EFFECT, AND YOU AND WE HEREBY EXPRESSLY WAIVE TRIAL BY JURY; PROVIDED, HOWEVER, THAT TO THE EXTENT THAT YOU HAVE IN ANY MANNER VIOLATED OR THREATENED TO VIOLATE OUR INTELLECTUAL PROPERTY RIGHTS, WE MAY SEEK INJUNCTIVE OR OTHER APPROPRIATE RELIEF IN ANY STATE OR FEDERAL COURT IN THE STATE OF PENNSYLVANIA. DISCOVERY AND RIGHTS TO APPEAL IN ARBITRATION ARE GENERALLY MORE LIMITED THAN IN A LAWSUIT, AND OTHER RIGHTS THAT YOU AND WE WOULD HAVE IN COURT MAY NOT BE AVAILABLE IN ARBITRATION. AS AN ALTERNATIVE, YOU MAY BRING YOUR CLAIM IN YOUR LOCAL "SMALL CLAIMS" COURT, IF PERMITTED BY THAT SMALL CLAIMS COURT'S RULES AND IF WITHIN SUCH COURT'S JURISDICTION, UNLESS SUCH ACTION IS TRANSFERRED, REMOVED OR APPEALED TO A DIFFERENT COURT. YOU MAY BRING CLAIMS ONLY ON YOUR OWN BEHALF. NEITHER YOU NOR WE WILL PARTICIPATE IN A CLASS ACTION OR CLASS-WIDE ARBITRATION FOR ANY CLAIMS COVERED BY THIS AGREEMENT TO ARBITRATE. YOU ARE GIVING UP YOUR RIGHT TO PARTICIPATE AS A CLASS REPRESENTATIVE OR CLASS MEMBER ON ANY CLASS CLAIM YOU MAY HAVE AGAINST US INCLUDING ANY RIGHT TO CLASS ARBITRATION OR ANY CONSOLIDATION OF INDIVIDUAL ARBITRATIONS. You also agree not to participate in claims brought in a private attorney general or representative capacity, or consolidated claims involving another person's account, if we are a party to the proceeding. This dispute resolution provision will be governed by the Federal Arbitration Act and not by any state law concerning arbitration. Judgment on the award rendered by the arbitrator may be entered in any court having competent jurisdiction. Any provision of applicable law notwithstanding, the arbitrator will not have authority to award damages, remedies or awards that conflict with these Terms. You agree that regardless of any statute or law to the contrary, any claim or cause of action arising out of, related to or connected with the use of the Hardware or Services or these Terms must be filed within one (1) year after such claim of action arose or be forever banned.
- b. 30-Day Opt-Out Period. If you do not wish to be bound by the arbitration and class-action waiver provisions in this Section 23, you must notify PDQ Smart in writing within 30 days of the date that you first accept these Terms (unless a longer period is required by applicable law). Your written notification must be mailed to PDQ Smart at the following address: PDQ Smart 2754 Creek Hill Road, PA 17540. If you do not notify PDQ Smart in accordance with this Section 23(b), you agree to be bound by the arbitration and class-action waiver provisions of these Terms, including such provisions in any Terms revised after the date of your first acceptance. Such notification must include: (i) your name, (ii) your PDQ Smart Account number or user name; (c) your mailing address and (d) a statement that you do not wish to resolve disputes with PDQ Smart through arbitration. If PDQ Smart makes any changes to the Arbitration and Class Action Waiver section of these Terms (other than a change to the address at which PDQ Smart will receive notices of dispute, opt-out notices, or rejections of future changes to the Arbitration and Class Action Waiver section), you may reject any such change by sending us written notice within 30 days of the change to the address set forth in this Section 23(b). It is not necessary to send us a rejection of a future change to the Arbitration and Class Action Waiver section of these Terms if you had properly opted out of the arbitration and class-action waiver provisions in this Section 23 within the first 30 days after you first accepted these Terms. If you have not properly opted out of the arbitration and class-action waiver provisions in this Section 23, by rejecting a future change, you are agreeing that you will arbitrate any dispute between us in accordance with the language of this arbitration provision, as modified by any changes you did not reject. This notification affects these Terms only; if you previously entered into other arbitration agreements with PDQ Smart or enter into other such agreements in the future, your notification that you are opting out of the arbitration provision in these Terms shall not affect the other arbitration agreements between you and PDQ Smart.
- c. Severability.
